Agenda Item	Discussion details	Decision details (who will do it and by when)
Publicize and share "Have Diabetes" Infographic for patients	Thank you to Nancy Hiner and Bailey Preston for putting together patient "Have Diabetes?" Infographic. Final version was approved by work group and KDN. "How do I sign up" section will have larger font.	Tool will be posted to KDN under "DSME tools" for patient education. Kim will submit to KDN website workgroup for posting as well as follow up on specifics of exactly where to find this tool. Workgroup will inform KDN of Infographic tool by: <ol style="list-style-type: none"> 1. Email blast to all members with sample infographic and link to KDN website (Janie) 2. Ky Diabetes Connection newsletter (Janice) 3. Share with coordinating body for distribution (4.
Update DSME providers	Kim discussed goal of KDN having a clear reference of what DSME sites are available across the	Nancy will go back to a previous list she received via email from ADA that she believes was more comprehensive than what Kim has received.

	<p>state. ADA site does not seem to have most up to date listing. We would like to create an updated comprehensive list and map in particular, for Julie Brown to utilize for KEHP DSME needs. Julie plans to model DSME connecting to KEHP to available DSME.</p> <p>Kim will be reaching out to our KDN CDEs and DSME providers. Once updated list created, Kim will share with Julie. Julie plans to post said list to a list-serve for KEHP for DSME. We may even list a class that can be available (without specific date/time details) but day and place TBD. This will allow Julie to help investigate interest of KEHP participants in classes and help us fill our classes and reach more patients with diabetes.</p>	<p>Kim will get updated list for Julie to have for KEHP DSME.</p> <p>Kim will be reaching out to our KDN CDEs and DSME providers to obtain comprehensive list of classes, locations, details, etc. This will be shared with Julie Brown eventually in an effort to connect KEHP members to DSME opportunities across the state.</p>
<p>HCP “Infographic”</p>	<p>Our workgroup will review our current patient DSME Infographic and begin to brainstorm on how</p>	<p>All workgroup members are asked to review patient DSME infographic and bring their ideas for our provider DSME infographic to the June mtg.</p>

	<p>we want to design our Infographic for HCPs. Ideas include:</p> <ol style="list-style-type: none">1. Who is eligible?2. What does it cost?3. How does it help my patient?4. How does this help HCP?5. How does this help MCO?6.
